*The Inspiration
for the Journey*

**HOW DO YOU GET INSPIRED AND

Q2

The Road Map

WHERE ARE YOU GOING AND HOW WILL YOU GET THERE?

Bring L+D to your school for a day of orientation, capacity building, and collaboration that adds focus to your journey. Let us help you to chart the course. This visit may include facilitated meetings with your leadership team, board, faculty and staff or parents or it may involve interviews, ethnographic study, or even an experience for students. L+D will work with you to design a day that gets everyone on board for the year to come.

Roadside Attraction

HOW DO YOU GET YOUR TEAM CONNECTED, INSPIRED, AND LEARNING NEW THINGS?

Take an excursion with your leadership team and visit some roadside attractions. Enjoy a two-day L+D excursion in your region for you and members of your team. We'll host in partnership with a cool local industry partner - a design firm, tech company, or entrepreneur. The topic will be something intriguing but transferable to your work in school. Think outside of the box, get your hands dirty, and open your mind.

The Compass

HOW DO YOU GET THE CRITICAL, OBJECTIVE ADVICE YOU NEED?

As you move into the last quarter of your year, enjoy a second site visit by a member of the L+D team. If you have a pressing question you want to explore, feedback you want to get, an idea you are wrestling with, here is your chance for a day of observation, consultation, and co-creation.
